

ABSTRACT OF THE DISCLOSURE

Insta French is a vinyl insert that fits into standard doors and windows. Inserts are installed on the inside or outside of existing sliding glass doors or windows. . Insta French Inserts have no outer edge or framing. The door or window edges provide the framing effect. The tabs on each cross bar with 1/16 of an inch extra vinyl slips under the window molding to hold the insert in the window. A cap is placed over the notched out vinyl to make the insert firm against the glass. Insta French inserts can be easily removed to clean window glass. They are easily reinstalled to give a glamorous French door look. Anyone can have a French door look without the pain rendering cleaning of small multiple panes of glass. No costly expense of replacing doors and windows. Insta French creates a whole new look in minutes.
